RESOURCE PLAN: FAX BACK PAGE 2

Resource Plans: On this worksheet you are asked to estimate any relevant investments in the resources you need to make effective use of requested E-Rate services that happened prior to the years covered on the Item 25 Worksheet Summary: Fax Back Page 1. Please use this space, or attach an additional page, to provide both narrative information about both your plans and strategies for securing the necessary resources to make effective use of the requested services and previous years investments in technology. You may use the space below to cross reference sections of your approved technology plan, your budget, or other relevant documentation. If you do not yet have an approved technology plan, please describe your strategy for obtaining approval from an SLD certified Technology Plan Approver. If you have made a significant investment in technology prior to the last fiscal year, please summarize these resources that are already in place. If you have applied for matching funds or grants from other sources that have not been approved yet, please note it. Include all information about resources that you have available to make use of the E-Rate Program. Important: please indicate any and all resources in place from prior Funding Years using E-Rate dollars in any of the categories.

Colegio San Pedro Mártir technology infrastructure is already in the planned level for the E-Rate technology plan implementation. On fiscal year 2001-2002, we made an investment on hardware and facilities enhancement. During the current fiscal year 2002-2003 we also made investment on hardware and trained more personnel. Such funding came from internal and external resources. Computers and electronic equipment necessary for students and teachers access the Internet were already in place.

On fiscal year 2003-2004 we planned to enhance the Internet access utilizing the E-rate funding and continue to invest on computers, electronic equipment, professional development and facilities and equipment maintenance but during this fiscal year the funds haven't been approved yet.

Therefore we are planning to do it during the fiscal year 2004-2005.

We have plans to invest in the following:

Hardware: We plan to buy more computers and equipment to help the students have access to the information needed. Also we plan to acquire more software to actualize our systems. The school plans to invest \$3,500.00.

Professional development: Our school plans to give more trainings to our personnel to integrate the computers and internet to our classrooms. We plan to invest approximately \$5,000.00.

E-RATE IMPLEMENTATION DESCRIPTION: FAX BACK PAGE 3

E-Rate Implementation: On this worksheet please describe your overall strategy for implementing your E-Rate requests this year, noting specially any differences if not all of your facilities are the same technology implementation level. Please give us an overall picture of what you are trying to accomplish so that we can better understand how the requested services will work in conjunction with the resources that you have identified throughout this document.

On this year implementation we plan to expand the existing connectivity and access services to all teaching rooms within the school. Distance Learning technology implementation is planned in consortium with other schools and universities to complement the learning experience of our students. Teacher training is continuing in curriculum and technology integration to maximize the technology usage and its effectiveness in the teaching and learning process. To initiate the parent involvement in technology usage for supporting the student's education is also part of this year plan.

As an overall goal the school seek that all graduates students competent and confident users of technology. In order to achieve this main goal we need to provide the students with adequate and convenient access to the appropriate technology that support their learning needs. To fulfill this access requirement it is important to develop a technology infrastructure flexible enough to support current and emerging education needs. Teachers and supporting staff development in technology literacy and curriculum integration will provide the students the appropriate support resources to achieve their educational and technology competency goals.

The implementation of the school plans have been delayed because the funds of year 2002 haven't been approved yet and the 2003 funds were approved late.

Dear Madeline Melgen,
Applicant Name (All Puerto Rico Applications you have)
Contact Number: 1-787-731-6100
Application Number(s): Multiple

The Program Integrity Assurance (PIA) team is in the process of reviewing all Form 471 Applications for schools and libraries discounts to ensure that they are in compliance with the rules of the federal universal service program. We are currently in the process of reviewing your Funding Year 2004 Form 471 Application. To complete our review, we need some additional information. The information needed to complete the review is listed below.

Madeline, we are trying to find out how you get your discount information for NSLP. I'm sure you have something different, however, we will need to have documentation for all the Schools, Public, Private, Academies, Catholic, etc., with the **Total Student Enrollment** and those eligible for **Free (Gratis) & Reduced (Reducido) lunches**.

I tried to call the E-Rate coordinator for Puerto Rico, but no one spoke English.

If there is anything you can do, it will certainly speed up processing the applications. I don't know if you are the only one working on the applications for Puerto Rico, if there are others we will need a complete list of the schools with the information above.

Thanks so much for your prompt attention in this matter.

If you have already submitted the Item 21 Attachments, please fax an EXACT COPY of the Item 21 Attachments that were previously submitted. If you do not wish to resubmit the Item 21 Attachment, you are not required to do so. We will process your application once the Item 21 Attachments have been scanned into our system.

Please fax or e-mail the requested information to my attention. If you have any questions, please feel free to contact me.

It is important that we receive all of the information requested so we can complete our review. **Failure to do so may result in a reduction or denial of funding.**

Please send the requested information within seven calendar days. If you need additional time to prepare your response, please let me know as soon as possible.

Thank you for cooperation and continued support of the Universal Service Program.

Sincerely,

 Subject: Funding year 2004 Selective Review Follow-Up Questions

*** *** ***

This FAX is a follow-up to the information Marieglorie Zapata sent to Celia Zheng on October 22, 2004 regarding our selective review of **Colegio San Pedro Martir**. I've taken over Celia Zheng's responsibilities for completing this selective review. In this letter we are requesting the **approved operating budget** for this school. The budget that was previously sent is not labeled the approved operating budget.

It is important that we receive all of the information requested by the close of business February 15, 2005. If we do not receive the information by then, your application will be reviewed using the information currently on file, which could result in a reduction or denial of funding. If you need additional time to prepare your response, please let me know as soon as possible. Please fax or e-mail the requested information to my attention. If you have any questions please feel free to contact me.

-1-

BUDGET:

- At this time, **do you have an approved operating budget** for 2004-2005? If so, please submit an operating budget for 2004-2005 showing **both revenues and expenses, indicating where** your portion of e-rate is allocated.
 - **State that it is the approved operating budget.**
 - Be sure to specify the name of the school to which the budget applies.
 - Please clearly specify the time frame that the budget covers, including a starting date and ending date (for example, July 1, 2003 - Jun 30, 2004).
 - **Writing on the actual budget, place an arrow next to each fund/budget line, on BOTH the revenue and expense side of your budget, showing where you have allocated the necessary dollars for your share of E-Rate. Please write the**

specific amount that will come from each fund/budget line. For example, if budget line A002 contains \$200,000 and \$130,000 will be used to pay your share of E-Rate, then please draw an arrow to it and write "E-Rate, \$130,000."

- Note: if a final, approved budget **is** provided; we may verify that budget with independent sources
- **If an approved budget is still not available** or in the early stages of an approval process, **we will need two items.** The first is a letter signed by a school or library official (superintendent, board president, chief business administrator). This letter should explain what phase of the approval process you are in, whether your share of funding is contingent on any outside action (e.g. voter approval, board approval, state legislation, etc.) and whether in the absence of such outside approval, you anticipate being able to meet your share of the E-RATE amount. Also make sure that the letter identifies the specific amount that you will have available to pay your share. For example, if you have \$100,000 that you will be putting in your budget, make sure that that is noted in the letter. **In addition** to that letter (and in lieu of a finalized budget), we will need **one of the following** as noted below:
 - A draft budget for FY 2004-2005 showing both revenues and expenses indicating from where your portion of e-rate is coming.
 - A resolution of a governing Board authorizing the filing of a Form(s) 471 for a given dollar amount, for given services and/or products, within a given timeframe. For us to consider such a resolution sufficient evidence that your entity has provided for payment of your share of E-rate, the resolution should specify the funding year, the fiscal year, or the school year during which the payment is authorized.
 - If donations (or other dollars from any contributor) are a source, a signed commitment letter from the donor (e.g. school or library foundation) to the applicant specifying 1) the level and commitment of funds or other resources; 2) the timing of the delivery of such resources, along with a positive indication that the resources are for E-rate supported products/services or for items needed to use effectively with the discounted services. (The indication as to the use of the resources might come from the donor or be reflected in a Board resolution committing donations to E-rate related purposes.)
 - Please note: If a final, approved budget is **not** available, we require a **combination** of a letter (described above) **AND** one of the bulleted examples above. We require **both, not** one or the other.

Please do not hesitate to call me, should you have any questions. Thank you for your cooperation and remember that any information requested must be faxed or e-mailed within 7 calendar days from today. If you need additional time to prepare your response, please let me know as soon as possible. If you are going to send e-mail to me, please make sure that at the end of your e-mail you have your Full Name and Official Title. Please call me if you have questions at 973-581-6738

Thank you.

The enclosed report includes a list of the Funding Request Number(s) (FRNs) from your application. The SLD is also sending this information to your service provider(s) so preparations can be made to begin implementing your E-rate discount(s) after you file your Form 486. NOTICE ON RULES AND FUNDS AVAILABILITY

Applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Universal Service Support Mechanism. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake periodically to assure that funds that have been committed are being used in accordance with all such requirements. The SLD may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by the SLD, the applicant, or the service provider. The SLD, and other appropriate authorities (including but not limited to USAC and the FCC), may pursue enforcement actions and other means of recourse to collect erroneously disbursed funds. The timing of payment of invoices may also be affected by the availability of funds based on the amount of funds collected from contributing telecommunications companies.

A GUIDE TO THE FUNDING COMMITMENT REPORT

A report for each E-rate funding request from your application is attached to this letter. We are providing the following definitions for the items in that report.

FORM 471 APPLICATION NUMBER: The unique identifier assigned to a Form 471 application by the SLD.

FUNDING REQUEST NUMBER (FRN): A Funding Request Number is assigned by the SLD to each Block 5 of your Form 471 once an application has been processed. This number is used to report to applicants and service providers the status of individual funding requests submitted on a Form 471.

FUNDING STATUS: Each FRN will have one of the following definitions:

1. An FRN that is "Funded" is approved at the level that the SLD determined is appropriate for this FRN. The funding level will generally be the level requested unless the SLD determines during the application review process that some adjustment is appropriate.
2. An FRN that is "Not Funded" is one for which no funds were committed. The reason for the decision will be briefly explained in the "Funding Commitment Decision Explanation." An FRN may be "Not Funded" because the request does not comply with program rules, or because the total amount of funding available for this Funding Year was insufficient to fund all requests.
3. An FRN that is "As Yet Unfunded" reflects a temporary status that is assigned to an FRN when the SLD is uncertain at the time the letter is generated whether there will be sufficient funds to make commitments for requests for Internal Connections at a particular discount level. For example, if your application included requests for discounts on both Telecommunications Services and Internal Connections, you might receive a letter with funding commitments for your Telecommunications Services funding requests and a message that your Internal Connections requests are "As Yet Unfunded." You would receive one or more subsequent letters regarding the funding decision on your Internal Connections requests.

SERVICES ORDERED: The type of service ordered from the service provider, as shown on your Form 471.

SPIN (Service Provider Identification Number): A unique number assigned by the Universal Service Administrative Company to service providers seeking payment from the Universal Service Fund for participating in the universal service support mechanisms. A SPIN is also used to verify delivery of services and to arrange for payment.

SERVICE PROVIDER NAME: The legal name of the service provider.

CONTRACT NUMBER: The number of the contract between the eligible party and the service provider. This will be present only if a contract number was provided on your Form 471.

BILLING ACCOUNT NUMBER: The account number that your service provider has established with you for billing purposes. This will be present only if a Billing Account Number was provided on your Form 471.

SERVICE START DATE: The date services were reported to start for this FRN on your Form 471.

CONTRACT EXPIRATION DATE: The date the contract expires. This will be present only if a contract expiration date was provided on your Form 471.

SITE IDENTIFIER: The Entity Number listed in Form 471, Block 5, Item 22a. This will be present only for "site specific" FRNs.

ANNUAL PRE-DISCOUNT AMOUNT FOR ELIGIBLE RECURRING CHARGES: Eligible monthly pre-discount amount approved for recurring charges multiplied by number of months of recurring service approved for the funding year.

ANNUAL PRE-DISCOUNT AMOUNT FOR ELIGIBLE NON-RECURRING CHARGES: Annual eligible non-recurring charges approved for the funding year.

PRE-DISCOUNT AMOUNT: Amount in Form 471, Block 5, Item 23I, as determined through the application review process.

DISCOUNT PERCENTAGE APPROVED BY THE SLD: The discount rate that the SLD has approved for this service.

FUNDING COMMITMENT DECISION: This represents the total amount of funding that the SLD has reserved to reimburse your service provider for the approved discounts for this service for this funding year. It is important that you and your service provider both recognize that the SLD should be invoiced and the SLD may direct disbursement of discounts only for eligible, approved services actually rendered.

FUNDING COMMITMENT DECISION EXPLANATION: This entry provides an explanation of the amount in the "Funding Commitment Decision."

OBLIGATION TO PAY NON-DISCOUNT PORTION - Applicants are required to pay the non-discount portion of the cost of the products and/or services. Service providers are required to bill applicants for the non-discount portion. The FCC has stated that requiring applicants to pay their share ensures efficiency and accountability in the program.
